

Attending your appointment via video

NHS Fife General Practice

Where appropriate, you can attend your consultation online via a video call.

Video calling is as convenient as a phone call, with the added value of face-to-face communication.

It can save you time and money, and brings your care closer to home.

Where do I go to attend my appointment?

Go to: the icon or link on your GP website

Instead of travelling to your appointment, you enter the GP's online waiting area. The GP will be notified when you arrive, and your clinician will join you when ready.

There is no need to create an account.

No information you enter is stored.

Is it secure?

Video calls are secure; your privacy is protected.

You have your own private video room that only authorised clinicians can enter.

How much internet data will I use?

You don't use any data while waiting for a clinician to join you.

An Attend Anywhere video call uses a similar amount of data to Skype® or FaceTime®.

How much does a video call cost?

The video call is free
(except for your internet usage).

✓ What do I need to make a video call?

- ✓ **A good connection to the internet** If you can watch a video online (e.g. YouTube) you can make a video call
- ✓ **A private, well-lit area where you will not be disturbed** during the consultation
- ✓ **One of these:**
 -  Google Chrome web browser on a desktop or laptop, or on an Android tablet or smartphone
 -  Safari web browser on an Apple iMac, MacBook, iPad, or iPhone
- ✓ **Web-camera, speakers and microphone** already built into laptops or mobile devices

Smartphone and tablet users

If you can, connect to a home or work Wi-Fi network to avoid using your mobile data allowance.
